

How to Log-In

ACSM switched to a new site on February 19, 2025. Old log in credentials will NOT work in the site. Don't worry we haven't deleted your details! You will no longer use our old logins from the old system, you must create new credentials.

To activate your account information in the new system, you need to create NEW log in credentials using the email address that was associated with your OLD access.

If you need to update your email address, you change it after logging in on your MyProfile page.

Navigate to the ACSM homepage at www.acsm.org. Click the Log In button in the top right of the window.

You will be prompted to Sign in. Click "Sign Up Now" in order for your old account to be connected to the new system.

ACSM has recently upgraded databases. If you already have an account with ACSM, please click **Sign Up Now** and enter your existing email, name, and create a new password. Please use the same email on file with ACSM so your historical ACSM information will be available when you log in. If you have any questions please call 317-637-9200 or contact publicinfo@acsm.org.

Sign in

Sign in with your email address
